

Steven Fernandez,

NSF Teaching Partner

NSF GK-12 Project: Northeastern University
GK-12-PLUS (Partners Linking Urban Schools)
URL: <http://www.gk12.neu.edu>

Partner School: John D O'Bryant

Degree: Masters in Energy Engineering

Years Teaching: 17

Special Accomplishments/Interests

How will you continue to integrate an aspect of GK-12 and your partnership with graduate students into your teaching, philosophy, etc.?

I will plan classes to incorporate the assistance from my GK-12 associate. I will plan my class incorporating the fact that he will offer students support in designing and creating an engineering project and he will offer individual assistance as students work on problems.

How has the GK-12 experience changed you, and how has your participation changes the GK-12 project?

It has enhanced my ability to offer students more individualized attention.
